

Civil Engineer

—Tampa (FL)—

Mead & Hunt, Inc., a nationally recognized professional services consulting firm, has a position for a civil engineer to work with our aviation group. Responsibilities include assisting with project scoping, design, and construction observation for aviation projects; assisting with the coordination of survey and geotechnical data collection; assisting with civil design and drafting; preparing construction quantity estimates; drafting sections for technical reports; coordination of specifications and utilities; identifying and reviewing field surveys. Some travel will be required including working on-site at various airport locations.

The successful candidate will have a bachelor's degree (or higher) in civil engineering and at least four years of relevant experience.

The ideal candidate will have experience with any/all of the following: AutoCAD and AutoCAD Civil 3D; Aviplan/aircraft parking layout software; aviation projects; airfield and pavement design; construction inspection and administration.

If you have strong communication and organizational skills, are someone who takes initiative, and can work well both independently and as part of a team, complete the online application process for this job posting at www.meadhunt.com/careers OR submit your cover letter and resume (with the pdf application, if possible, printed from our website) to the address below by **Thursday, October 4, 2018**. Interviews are awarded on our review of your ability to meet the qualifications in the paragraphs describing the "successful" candidate and "ideal" candidate, **so be sure to explain where indicated in the online application (or in your COVER LETTER, not just in your resume, if you are applying by mail) how you meet each qualification listed in the paragraphs above.** Mead & Hunt will not sponsor a visa (H-1B, etc.) for this position.
