

The Melbourne Airport Authority Invites Applications for Finance Services Manager

Under general supervision, the Finance Services Manager performs professional accounting duties in the analysis, preparation and maintenance of financial records and reports and provides technical assistance to the Senior Director of Finance & Administration.

The Finance Services Manager will be called upon to perform a variety of complex highly technical accounting activities necessary for the effective management of the Airport's fiscal affairs to include professional accounting duties in the analysis and maintenance of a variety of accounting and financial records and systems, including capital and operating budgets, the general ledger and fixed assets. This position requires the ability to review and exercise independent judgment involving the use of current accounting standards and determine corrective action.

Position Qualifications

To be considered for this opportunity, you must have a Bachelor's Degree with a major in accounting or a closely related field with more than three (3) years of work experience in business management, finance, public administration or airport management, and two years' experience with administration of Federal Aviation Administration grants.

Compensation and Benefits:

The salary range for this position is \$47,421 - \$79,647 with an excellent benefit package including insurance, Florida retirement system, optional 457 deferred compensation plan, and relocation benefits.
