

The County of Orange
Invites Applications For Deputy Airport Director, Maintenance

The County of Orange is seeking a Deputy Airport Director, Maintenance for John Wayne Airport (SNA) to plan, organize, and implement strategic actions within the following areas: Central Utility Plant Management, Building Repair and Maintenance, Airfield Repair and Maintenance, and Janitorial Service Contract Management.

This position will be responsible for proactive prioritization of infrastructure maintenance, preventive repair, utility services, evaluation of current facility structures, and anticipate the needs of the traveling community and airport tenants. Additionally, this position will develop and enforce policies and procedures that ensure a safe working environment using current industry standards, principles, and practices found within the field.

Position Qualifications

The ideal candidate will possess graduate studies in Engineering, Industrial Technology, Airport Maintenance Management, or other closely related field. The ideal candidate will also possess at least 10 years of recent, increasing responsibility demonstrating experience in managing issues within an airport or similarly complex setting. Direct experience in at least two of the following is required: airport administration, cooperative strategic planning, infrastructure repair planning, maintenance and utility management, and current infrastructure compliance regulations.

Salary & Benefits

The starting salary range for this position is \$97,156.80 - \$170,622.40, depending on experience, and offers an attractive range of benefits. For instructions on how to apply, please [click here](#) to see the recruitment brochure, or visit the searches tab at www.adkexecutivesearch.com.

Filing Deadline: April 20, 2018
